- h) Failure to keep scheduled appointments during the admission/interview process.
- i) Criminal activity involving crimes of physical violence to persons or property or a record of criminal acts that may adversely affect the health, safety, or welfare of other residents or staff. See the attached spreadsheet for our treatment of Criminal Convictions.
- j) Any individual who has engaged in certain drug related criminal behavior, or whose alcohol abuse or pattern of abuse interferes with the health, safety or right to peaceful enjoyment of the premises, or who is subject to a State lifetime sex offender registration program, will be denied.

5) Occupancy Standards: Units are available based on household size and verified need of an accessible unit or additional bedroom.

| <u>Unit Size</u> | <u>Maximum</u> |
|------------------|----------------|
| 1-Bdrm | 2 persons |
| 2-Bdrm | 4 persons |
| 3-Bdrm | 6 persons |
| 4-Bdrm | 8 persons |

Household composition will be allowed to increase by 1 person in the case of the addition of a child under the age of 2. Once the child turns 2, the household may be required to move to a larger unit. Special consideration may be given if a family is in the largest unit the property offers.

6) Unit Transfers: When transferring units, households will be required to pay anticipated costs of damages for the original unit prior to transfer. Where non-handicapped persons are moved into units designed to meet special needs, they must agree to move to the first available comparable unit with no such design features should an applicant or current resident require an accessible unit of the type currently occupied by the non-handicapped person.

7) Minneapolis Properties Only: Application fees will be refunded if application is denied for any reason other than what is listed on this Selection Criteria. Applicants will be evaluated using an individualized assessment, in which the owner will consider evidence provided by the applicant with their completed application to explain, justify, or negate the relevance of potentially negative information revealed by screening. Owner will consider the nature and severity of the incidents that would lead to a denial, the number and type of incidents, the time that has elapsed since the date the incidents occurred, and the age of the individual at the time the incidents occurred.
